

Physico-chemical properties	1-10 ton	10-100 ton	100-1000 ton	> 1000 ton
Melting/freezing point				
Flash point				
Viscosity				
Toxicological information				
In-vitro study for eye-irritation				
Acute toxicity by dermal route				
Repeated dose toxicity				
Eco-toxicological information				
Short term toxicity testing on fish				
Soil simulation testing				
Identification of degradation products
