IATF 16949:2016 Lead Auditor Course

On completion of this course, delegates will have an awareness of:

- IATF 16949:2016 clause 7.2.3, Internal Auditor Competency (Modules 1-3)
- IATF 16949:2016 clause 7.2.4, Second Party Auditor competency (Modules 1-3)
- IATF 16949:2016 clause 4.3.2, for Customer Specific Requirements (module 1)
- IATF 16949:2016 clause 5.1, Leadership and commitment (Module 1)

Module 1 – Introduction to IATF 16949:2016 – 1 day
- Overview of IATF 16949: 2016
- Change History
- Annex SL
- PDCA Model
- Process Approach
- Introduction to Customer Specific Requirements

Module 2 - Internal Auditing IATF 16949: 2016 - 2 days
- By the end of this module, you will be able to: interpret and be aware of the requirements of IATF 16949: 2016 clauses 4 - 10;
- FMEA - Failure Modes and Effects Analysis;
- MSA - Measurement Systems Analysis;
- SPC - Statistical Process Control

The course is designed for:
1. Delegates who have a working knowledge of auditing management systems within the automotive sector and ISO 9001, and ideally involved in the implementation and/or auditing of IATF 16949:2016.
2. Delegates who are responsible for second party quality management system audits and/or working with suppliers towards conformity/certification of IATF 16949:2016. (Modules 1-3)
3. Top Level Management looking for an overview (Module 1)
4. Delegates requiring training in the IATF Core Tools. (FMEA, MSA, SPC) (Module 3)

Please note this course is not recommended for those delegates who have no prior knowledge of ISO 9001: 2015 requirements or auditing techniques. Alternative courses can be offered to meet individual needs. This course is aligned with other SGS Training Product offerings to support IATF 16949:2016 and is delivered by a competent tutor meeting the IATF 7.2.3 and 7.2.4 standard requirements.
