

MEDICAL DEVICE SINGLE AUDIT PROGRAMME

The Medical Device Single Audit Programme (MDSAP) has been developed to allow recognised auditing organisations to conduct a single audit of a medical device manufacturer that will be accepted by all five regulatory authorities participating in the programme.

TIMELINE

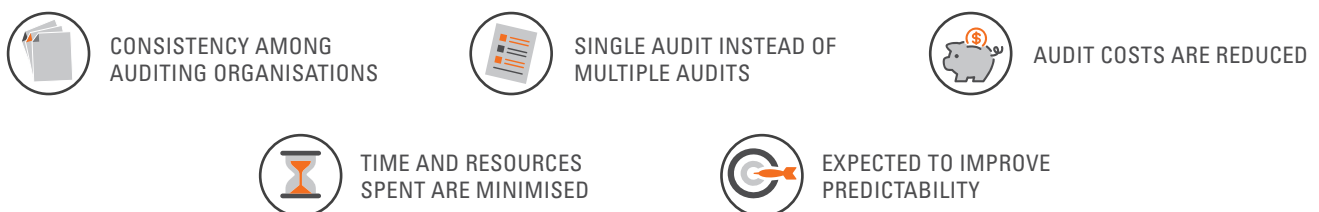

MDSAP AUDIT CYCLE (3-YEAR AUDIT CYCLE)

** Special Audits, Audits Conducted by Regulatory Authorities, and Unannounced Audits are potential extraordinary audits that may occur at any time within the audit cycle.*

BENEFITS OF MDSAP PROGRAMME
