1. APPLICATION OF TERMS

Unless otherwise agreed in writing or except where they are at variance with the mandatory provisions of local law, all Orders for goods or services and all resulting contractual relationship(s) between sellers and any of the affiliated companies of SGS SA (except companies of the SGS Group incorporated in the USA) or any of their agents (each a “Buyer”) (the “Contractual Relationship(s)”) shall be governed by these General Conditions of Purchase (hereinafter the “General Conditions”) to the entire exclusion of any other terms. The Buyer may order goods or services from any persons or entities (private, public or governmental) selling goods or services (hereinafter, the “Seller”). No terms or conditions endorsed upon, delivered with, or contained in a Seller’s quotation or acceptance of the order will form part of the Purchase Agreement and the Seller waives the right it might otherwise have to rely on such terms and conditions when accepting an Order from the Buyer and/or delivering goods or services to the Buyer. If the Seller objects to any of these General Conditions, it shall notify the Buyer in writing and the Purchase will not be deemed finalised until agreement has been reached on the extent of validity of these General Conditions.

2. BASIS OF PURCHASE

For the purpose of any purchase agreement between the Buyer and the Seller, an “Order” is the Buyer’s offer to the Seller and becomes a binding contact subject to these General Conditions when accepted by acknowledgement/acceptance, delivery or commencement of activity by the Seller.

3. ACCEPTANCE OF GOODS/SERVICES

Goods and services purchased under Buyer’s Order are subject to the Buyer’s reasonable inspection, testing and approval at the agreed delivery time and location. Buyer reserves the right to reject and refuse acceptance of goods or services which are not delivered in accordance with the Order or Seller’s expressed or implied representation or warranties. Buyer will charge Seller, who will pay, for the cost of inspecting rejected goods or services. Rejected goods or services may be, at Buyer’s discretion, either returned to the Seller, or held by Buyer as a lien at Seller’s risk and expense. Payment for any goods or services under an Order shall not be deemed acceptance of the goods or services.

4. DELIVERY

Time is of the essence with respect to Orders, and if delivery of goods and/or the performance of services is not completed by the Delivery Date stated in the Order or otherwise agreed, Company may, without liability, in addition to its other rights and remedies, terminate the Purchase Agreement by written notice, effective when received by Seller but latest five (5) days after expedition by the Buyer, as to goods and/or services not yet delivered to Buyer or performed. Buyer, in its judgment, shall be entitled to purchase substitute goods and/or services elsewhere and charge Seller any costs and losses incurred.

5. CUSTOMS, TRANSPORT, TITLE AND RISK

5.1 Unless otherwise agreed in writing and signing the following shipment terms will apply:

(i) For domestic shipments, article 188 and following of the Swiss Code of Obligation will apply.

(ii) For international shipments, the International Chamber of Commerce Terms of Shipment (InCoTerms) will apply.

5.2 The precise term will be mentioned in the Order and the Seller shall conform to the proposed term unless otherwise agreed in writing with the Buyer. In the absence of specific agreement or in case of unclear Order(s), the full delivery customs charges, transport costs and risks will be borne by the Seller to the agreed Delivery Date and place (which, unless otherwise indicated, shall be the relevant Buyer’s premises) and title to the Goods will pass to the Buyer on the Delivery Date and at the delivery place but only upon Buyer’s acceptance of the goods without prejudice to any right of rejection which may accrue subject to inspection as per article 3 above. Any loss of or damage to the goods prior to the transfer of title shall be borne by the Seller.

6. WARRANTY

Seller expressly warrants that goods shall be in good condition, shall conform to the Order, to specifications, drawings or description relating to such goods, shall be fit for the intended purpose, and shall be free from defects in materials and workmanship. Seller further expressly warrants that the services ordered shall be provided by qualified, skilled and trained personnel acting transparently and with due diligence and loyalty to the Buyer, in accordance with accepted industry standards and without any conflict of interest. Seller warrants that it has clear title to the goods and services and that such goods and services will be delivered free of liens and encumbrances. All of the above mentioned warranties shall be deemed to be made not only to the Buyer, but also to its customers and to the users of the goods or services, or products into which such goods may be incorporated.
7. PRICE AND PAYMENT

7.1 Unless otherwise expressly agreed in writing and signing, Purchase Agreements are entered into on the basis that the price stipulated on the Buyer’s Order is a fixed price, including all applicable taxes and levies, that is not subject to alteration for any reason whatsoever. Separate invoices will be issued by the Seller for each Order. These invoices shall be sent to the Buyer within 5 days of delivery of the goods or completion of the services. Invoices shall quote the Buyer’s Order number. Delays in receiving invoices or any other data requirement, or errors and/or omissions, will be just cause for Buyer’s withholding payment. Invoices not received within six months of receipt of goods and/or services will be deemed waived by Seller and, if sent nevertheless to Buyer, time-barred.

7.2 All claims for money due or to become due by Buyer shall be subject to deduction by Buyer for any setoff or counterclaim arising out of this or any other of Buyer’s Agreement with Seller. Unless otherwise agreed in writing, payment for the goods and services will be made within 60 days from prompt receipt of Seller’s invoice. Payment by the Buyer shall be without prejudice to any claim or rights which Buyer may have against the Seller.

8. REGULATORY COMPLIANCE

Seller will comply with all relevant legislation and standards for environmental, safety and hygiene matters in manufacturing, packing, shipping, delivering or otherwise providing the goods or services to the Buyer’s premises, including the legislation of all countries through which the goods may transit. Seller shall inform the Buyer of any significant adverse event that adversely affects or may adversely affect regulatory compliance. Seller will implement promptly any corrective action that may be necessary or requested by the Buyer including corrective actions complying with the Buyer’s own environmental, safety and hygiene standards.

9. LIABILITY AND INDEMNITY

9.1 Seller agrees to defend, indemnify and hold harmless the Buyer, its affiliates, successors, assignees, employees, directors, agents, customers and users of the goods or services with respect to all claims, liability, damage, loss and expenses, including legal and defence costs, incurred, relating to or caused by:
   - Actual or alleged patent, copyright or trademark infringement, or violation of any other intellectual property right arising out of the purchase, sale or use of the goods or services described in the Order;
   - Actual or alleged defect in the services or in the design, manufacture or material of the goods;
   - Actual or alleged breach of warranty;
   - Failure to deliver the goods or services at the agreed time and place;
   - Failure of the goods or services to comply with applicable laws and regulations;
   - Any encumbrance over the goods;
   - Any incidental or consequential loss howsoever arising.

9.2 Buyer’s aggregate liability in contract, tort or otherwise including negligence howsoever arising out of or in connection with the Contractual Relationship shall be limited to the price of the Order.

10. PRODUCT RECALL

In the event of a recall of the goods necessitated by a defect, a failure to conform to the specifications, applicable laws or any other reason within the Seller’s control, Seller will bear all costs and expenses of such recall, including without limitation, costs of notifying customers, customer refunds, costs of returning goods, lost profits and other expenses incurred to meet obligations to third parties.

11. INSURANCE

Seller shall maintain in force, at its expense, appropriate general and professional liability insurance covers for any damages caused by the Seller, its employees, its subcontractors or its agents for the goods or services supplied. If requested the Seller shall furnish Buyer with a certificate evidencing the required insurance covers.

12. PROPRIETARY INFORMATION AND INTELLECTUAL PROPERTY

12.1 Seller understands that during work on the Order he may gain access to information that is proprietary to the Buyer or to other parties and agrees not to use or propagate any such proprietary information without prior written approval of the Buyer.

12.2 To the extent the services ordered by the Buyer include the creation, development and/or modification of documents and/or works, including computer hardware or software, or any other activity pertaining to computer hardware or software, Seller acknowledges that Buyer owns such document and/or works, including but not limited to source codes, object codes, software documentation and any other patentable or copyrightable works, and all related intellectual property, all of which for all purposes shall be deemed to have been created by Seller for or on behalf of Buyer as works made for hire. Neither Seller nor any of its contractors shall have any right, title or interest in any such works, and Seller and its employees and contractors hereby assign any and all such rights in and to any inventions and creative works to Buyer, free of all liens, encumbrances and claims of ownership or right to use by Seller and any third party. Upon Buyer’s request, Seller and each of its employees and contractors performing such Services for Buyer shall execute all documentation requested by Buyer to further document and/or perfect such assignment to and ownership by Buyer in and to such inventions and creative works.
13. ASSIGNMENT/SUBCONTRACTING
Seller shall not assign the Order or subcontract any material portion of it without the Buyer’s prior written consent.

14. SUSTAINABILITY
Seller shall carry out its procurement activities in an environmentally and socially responsible manner. In accordance with its environmental, health, safety and employment policies, Seller shall strive to incorporate environmental and social considerations into its goods and service selection process. Seller recognises that it is its responsibility to encourage its suppliers, contractors and subcontractors to minimise negative environmental and social effects associated with the goods and services provided. Seller shall also strive to ensure that local and smaller suppliers are not discriminated against in the procurement process and specifications.

15. TERMINATION AND TIME-BAR
If the Seller does not deliver the services and/or goods on or before the specified Delivery Date and place or as otherwise specified by the Buyer, or if the Seller breaches any of the terms hereof, including without limitation, the warranties, Buyer shall have the right to terminate or cancel the Order at any time upon written notice to Seller. Buyer may cancel the Order for its convenience at any time, in whole or in part, by notice given at least two days before the agreed Delivery Date, including by facsimile or e-mail, or orally or by telephone so long as such cancellation orally or by telephone is promptly confirmed in writing by Buyer. No such termination of this Order shall relieve the Seller of its obligations as to any services and/or goods that have been delivered. Claims must be made in writing within ninety (90) days of the discovery of the facts alleged to justify such claim and, in any case, neither party shall be liable to the other for loss, damage or expense unless law suit is filed within one year from discovery of those facts. Invoices shall be deemed time-barred as provided for under article 7 above.

16. GOVERNING LAW AND DISPUTE RESOLUTION
16.1 For disputes between Buyers and Sellers incorporated/registered in the same country:
Unless specifically agreed otherwise, all disputes arising out or in connection with Contractual Relationship(s) hereunder shall be governed by the domestic substantive and procedural laws of the country of the Parties’ incorporation/registration and be settled by the domestic courts of the Buyer’s jurisdiction.

16.2 For disputes between Buyers and Sellers incorporated/registered in different countries:
Unless specifically agreed otherwise, all disputes arising out or in connection with Contractual Relationship(s) hereunder shall be governed by the substantive laws of Switzerland exclusive of any rules with respect to conflicts of laws and be finally settled under the Swiss Rules of International Arbitration of the Swiss Chambers of Commerce in force on the date when the notice of arbitration is submitted. The number of arbitrators will be determined in accordance with the said Rules. The arbitration seat shall be in Geneva, Switzerland. The arbitration shall be conducted in the English language.
