| IMPLEMENTATION DATE   | Implementation date: **15/01/2013** – date of Inspection Order (DPI) creation  
**NB:** All active DPI opened prior 15/01/2013 will have a validity grace period of 30 days, until **February, 15th 2013**. As from that date, DPI’s will have to be replaced by new ones and consignments subject to the new Haitian Imports regulations |
| PROGRAM OBJECTIVE     | As per WCO SAFE Framework of Standards, the objective of ACI is to provide electronic cargo information from exporter side before arrival of the goods in Haiti for security purpose and to aid processing and clearance. Information has to be provided through the website: [www.acihaiti.com](http://www.acihaiti.com) |

ACCOUNT REGISTRATION PROCESS

- **Account Registration:**
  - Exporter or its representative accesses to the website [www.acihaiti.com](http://www.acihaiti.com) and creates an account. After having completed the electronic registration form (name address, phone, email, username, password...) and uploaded the required document, he can submit his account to validation.
  - Importer or its representative is also encouraged to register an account to be able to monitor on-line the ACI forms corresponding to the goods they import.
- **Account Validation:**
  - Once account has been submitted to validation, the ACI Technical Center will check the request and update the account status to “Valid” if request is complete and correct (or update in status “Invalid” if something is missing or “Waiting for document” if the uploaded document is not correct)
  - Requestor is notified by email each time the status of its account is updated.
# ACI FORM REGISTRATION PROCESS

**ACI Form Registration:**
- Once its account has been validated, Exporter or its representative is able to connect to ACI website ([www.acihaiti.com](http://www.acihaiti.com)) in order to register its ACI Form.
- Information requested in ACI form is divided into 5 steps:
  - **Step 1:** ACI
    - All trade parties involved in transaction (exporter, importers and their representatives)
    - DPI Number (Demande Préalable d’Importation) assigned by SGS when importer has opened the DPI (Demande Préalable d’Importation).
    - *Note:* a valid DPI number is mandatory to pursue the ACI form registration process.
  - **Step 2:** Invoices
    - All invoices corresponding to goods available in the Cargo.
    - Electronic copy of commercial invoice must be uploaded.
  - **Step 3:** Shipment
    - Detailed information about shipment (method: air, sea or road, carrier name, weight, volume, loading place, container numbers...).
    - Electronic copy of the transport document must be uploaded (Bill of Lading, AirWay Bill or Truck Waybill depending on shipment method).
  - **Step 4:** Charges
    - Freight charges.
  - **Step 5:** Summary/Validation
    - Summary of information registered in previous steps.
    - Once all information requested in ACI form have been completed, Exporter or its representative can submit the ACI form to validation.

**ACI Form Validation:**
- Once ACI form has been submitted to validation, the ACI Technical Center will check the request and update the ACI form status to “Acceptable” if form is complete and correct (or update in status “Non Acceptable” if something is missing or “Waiting for document” if the uploaded documents are not correct).
- All involved parties declared in step 1 are notified by email each time the status of the ACI form is updated.
- Once validated, a PDF copy is sent by mail to all involved parties (PDF copy can also be printed through the website).

## DOCUMENTS

**Documents required for Account Validation.**
- For companies: extract from the Trade Register certifying the company's registration.
