SMARTER

SGS

We provide the world's most comprehensive range of integrated inspection, testing, certification and advisory services, powered by the latest technology and digital tools.

Our global network of experts helps clients to navigate a wide range of new standards, regulations and corporate responsibilities. Our innovative solutions enable organizations to ensure the integrity, safety and reliability of activities, equipment and operations, while helping them take more sustainable approaches to infrastructure, transportation and business operations. This helps our customers to protect workers and the environment, generate customer confidence, enhance brand reputation, manage risk and increase business efficiency.

Protect your investment throughout the asset life cycle
