

Table 4. Reformulation of BPA in consumer goods

| Entry | Scope | Reformulation/Warning for BPA |
|-------|----------------------------------------------------------|-------------------------------------------------------------------------------------------------|
| 1 | Athletic shirts made primarily of polyester with spandex | ≤ 10 ppb, otherwise warning (defendant must not replace BPA with any other phenol, such as BPS) |
| 2 | Avalanche probes | Warning for BPA and ≤ 0.1% DEHP, otherwise warning |
| 3 | Avalanche shovels | Warning for BPA and ≤ 0.1% DEHP, otherwise warning |
| 4 | Bike helmets | Warning |
| 5 | Candy molds | ≤ 3 µg (wipe test), otherwise warning |
| 6 | Clear heel sandals | ≤ 3 µg (wipe test), otherwise warning |
| 7 | Computer and laptop clamshells | ≤ 3 µg (wipe test), otherwise warning |
| 8 | Face masks/protectors | ≤ 3 µg (wipe test), otherwise warning |
| 9 | First aid kits | No measurable BPA migration (wipe test), otherwise warning |
| 10 | Heels of women's shoes | ≤ 3 µg (wipe test), otherwise warning |
| 11 | Ski helmets | Warning |
| 12 | Water bottle cages | ≤ 3 µg (wipe test), otherwise warning |
