

# SGS Lanka Training Prospectus 2026

**LEARNING & DEVELOPMENT SOLUTIONS**  
**JANUARY - DECEMBER 2026**

## SGS Training Courses

### SGS - WHEN YOU NEED TO BE SURE

SGS is the world's leading Testing, Inspection and Certification company. We operate a network of over 2,500 laboratories and business facilities across 115 countries, supported by a team of 99,500 dedicated professionals.

With over 145 years of service excellence, we combine the precision and accuracy that define Swiss companies to help organizations achieve the highest standards of quality, compliance and sustainability.

Our brand promise – when you need to be sure – underscores our commitment to trust, integrity and reliability, enabling businesses to thrive with confidence. We proudly deliver our expert services through the SGS name and trusted specialized brands, including Brightsight, Bluesign, Maine Pointe and Nutrasource.

### SGS TRAINING - TRANSFORMING PEOPLE & BUSINESSES

#### OUR TRAINING AREAS

##### MANAGEMENT SYSTEMS & STANDARDS TRAINING

SGS Academy provides an in-depth understanding of management systems and standards requirements. From foundation and awareness training to accredited Lead Auditor courses, our programs cater to a wide audience, including executives and auditors. We also offer trainings on non-accredited management system processes to meet diverse organizational needs.

#### TECHNICAL TRAINING

Technical training is aimed at developing specialized knowledge and practical skills applicable across various industries. It emphasizes hands-on expertise, equipping participants to implement and sustain technical processes effectively. Key areas of focus include quality management, equipment maintenance, and advanced technical methodologies, ensuring participants are prepared to address industry-specific challenges with confidence.

#### SUSTAINABILITY TRAINING

Sustainability training empowers organizations and individuals to adopt and integrate sustainable practices into their operations. These programs address key topics, including environmental management, sustainable supply chain practices, energy efficiency, and corporate responsibility.

By embedding sustainability into business strategies and daily activities, they aim to drive long-term value creation and positive environmental impact.

#### COMPLIANCE TRAINING

Compliance training equips organizations and employees with the knowledge and skills to meet legal, regulatory, and policy requirements. These programs cover essential areas such as workplace safety, environmental regulations, sustainability standards, and industry-specific guidelines. By fostering a culture of accountability and risk awareness, compliance training ensures adherence to global norms and promotes responsible business practices.

#### MANAGEMENT, LEADERSHIP & SOFT SKILLS TRAINING

Our management, leadership, and soft skills training programs are tailored to enhance interpersonal and strategic capabilities. They focus on developing leadership qualities, sharpening strategic thinking, and refining communication skills, empowering individuals to align their personal growth with organizational objectives.

#### TRAINING FORMATS

##### PUBLIC COURSES

Our face-to-face public courses offer an excellent opportunity to network with peers from various industries and share insights on common challenges.

With fixed dates and collaborative discussions led by experienced instructors, these sessions enable participants to effectively apply best practices in their roles.

#### IN-HOUSE COURSES

Customized in-house courses are tailored to meet the specific needs of your organization. Delivered at your premises, these sessions allow you to adjust the content and delivery style to suit your team's unique requirements. Our experts collaborate closely with you to ensure clear learning objectives are defined and achieved.

With SGS Lanka, take the next step in your professional and organizational development journey. Together, we build knowledge that drives success.
