SGS Product Safety Testing Services

For The Electrical & Electronics Industry

SGS

ENSURING PRODUCT SAFETY, QUALITY AND COMPLIANCE

Today's consumers expect safe, high-quality, and sustainable products.

To meet these demands, manufacturers and retailers need a reliable partner to minimize risk, enhance efficiency, and ensure compliance.

With our global network and industry expertise, we provide comprehensive solutions across diverse consumer markets. From product design analysis and risk assessment to final product testing and certification, our trusted, independent services help you navigate regulatory requirements with confidence.

Partner with us to ensure your products are safe, compliant, and market-ready—while staying ahead of evolving regulations and market demands.

Tested **means Trusted**
