

SGS UK Hardlines Services

Tested Means Trusted

SGS

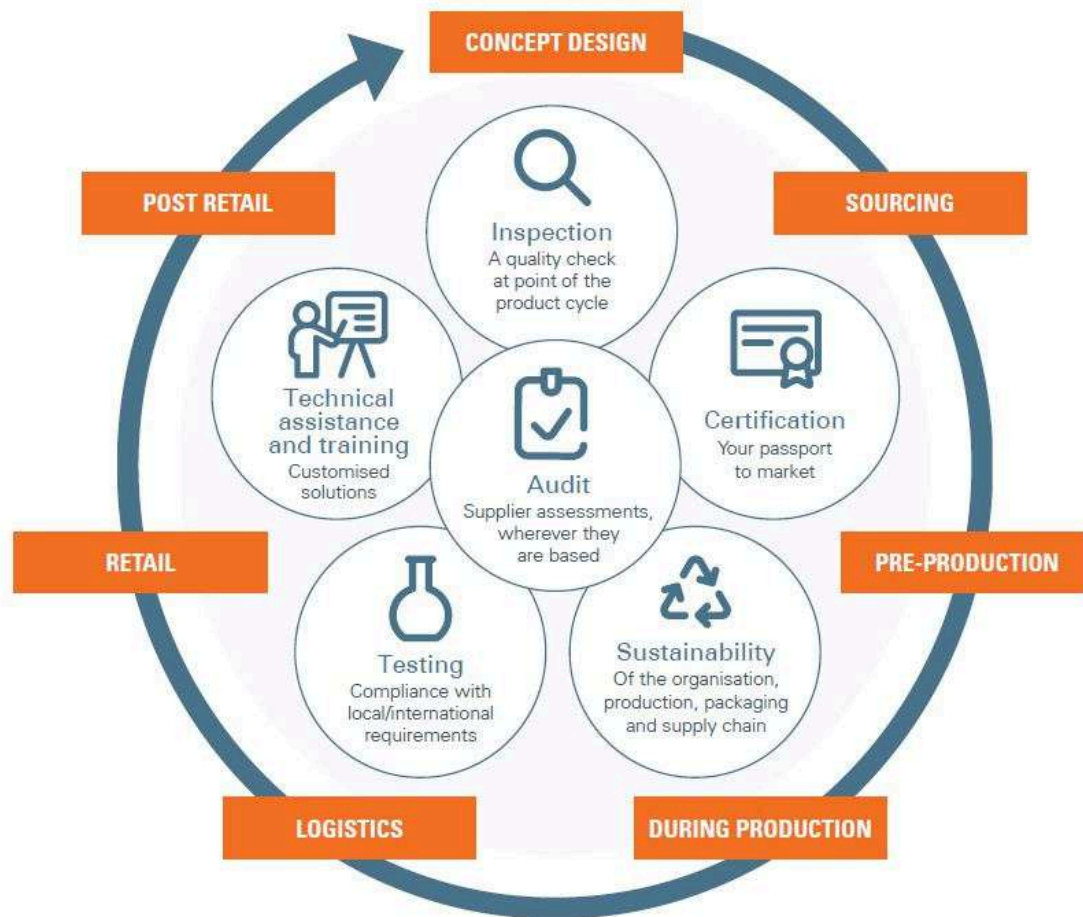

UK based safety, performance, quality & sustainability solutions for the consumer goods & retail industry.

Hardlines manufacturers, distributors and retailers who traditionally source goods and materials from across the globe are coming under increasing pressure to identify and comply with a raft of market specific regulations and strengthened safety requirements.

At SGS United Kingdom Ltd, our UK based services enable you to deliver well designed, functional, durable and safe products to customers.

Services:

- Testing
- Verification
- Product certification
- Technical assistance
- Product inspection
- Process assessment

INDUSTRIES & PRODUCTS COVERED

- **Hardlines:** Toys, juvenile products, furniture, home improvement/DIY, PPE, medical devices, sporting goods, gas appliances, fashion jewellery, food contact materials, stationery, fire, filtration, packaging
- **Softlines & Accessories:** Textile, apparel, accessories, home textile, footwear, bags, leather and latex products
- **Electrical & Electronics:** Luminaires, audio/video, automotive parts, household appliances, audio/video equipment, IT&T, mobile, semiconductors, machinery, medical devices and retail solutions for final products as well as components
- **Automotive:** Components, interior/exterior parts and materials, automotive E&E components, automotive batteries, AUTOSAR, embedded software, aftermarket components and products

TRUSTED SOLUTIONS

SGS is uniquely positioned with an established UK laboratory dedicated to a variety of on-site hardlines testing services carried out locally. Our lab is UKAS accredited with a dedicated and skilled team of testing engineers and chemists and a wide range of capabilities covering all the main core product testing sectors. With our expertise, industry experience and market understanding you're poised for success. From product design analysis to final product testing, risk assessment and product certification, we offer trusted, independent, third party inspections.

UK HARDLINES SOLUTIONS

The SGS logo is displayed in a bold, white, sans-serif font. It is positioned in the bottom right corner of the page, partially overlapping a blue background. The letters 'S', 'G', and 'S' are connected, with the first 'S' being slightly larger than the others. A thin white horizontal line is positioned directly beneath the letters.
