SGS Integrity Policy Statement

Integrity is at the heart of SGS. The trust that we inspire in our customers and stakeholders is the key to our success. As leaders in our industry we hold ourselves to the highest standard of professional behavior as embedded in our Code of Integrity.

IT IS OUR AIM TO
• Earn the trust of our customers.
• Be accountable for our actions.
• Be honest and transparent in everything we do.
• Create a culture of integrity within SGS.

IT IS THEREFORE OUR COMMITMENT TO
• Uphold the independence and impartiality of SGS and resist undue influences.
• Conduct our business honestly and transparently.
• Never partake in bribery, insider trading or any form of corruption.
• Comply with international, national and local laws and regulations.
• Let principles guide our decision making, not personal choice or preference.
• Be willing to speak up: we are confident enough to raise concerns and smart enough to consider any that are brought to us.

Acting with integrity is an individual responsibility for all of us, at every level within our organization. These commitments apply to all SGS employees and contractors. Management is responsible for ensuring full compliance with SGS policies.

SGS Health, Safety & Environment Policy Statement

SGS’s long term success and sustainable business depends on our ability to remain a recognized leader and a reference for all Health, Safety and Environmental (HSE) matters.

IT IS OUR AIM TO
• Long-term success and sustainability built on innovation and recognition as a leader in all Health, Safety and Environmental (HSE) matters.
• Provide and ensure safe and healthy working conditions for all our employees (permanent and temporary), visitors, contractors and other stakeholders by the prevention of all work-related injuries and ill health.
• Promote sustainable development by respecting and protecting the environment while performing and managing our services and operations using state-of-the-art HSE technologies and employing best practices.
• Integrate Health, Safety and Environmental items into the top management decision-making process and goals definition.

IT IS THEREFORE OUR COMMITMENT TO
• Ensure the health and safety of our employees, contractors, customers and third parties with an accident prevention philosophy which identifies and eliminates hazards and reduces occupational health & safety risks.
• Provide an environmental-friendly workplace by preserving the environment and our communities through pollution prevention, rational use of energy, natural resources and minimizing our environmental impact.
• Comply with all applicable national, regional and local HSE regulations, laws and any compliance obligation directly related to SGS operations as well as aligning with customer requirements and all SGS Group standards that exceed national, regional or local regulations and laws.
• Continuously improve HSE performance, management systems, programs and tools across all SGS operations, through internal and external audit assessments, ensuring reliability.
• Include HSE principles in the global, regional, country and business HSE objectives as well as in all activities and communicate them via the SGS Operations Council and OI committees to all levels of the organization.
• Innovate to improve working and environmental conditions in the workplace and move even further towards achieving our ‘Zero Incident’ and ‘Zero Environmental Impact’ targets.
• Increase HSE awareness by providing all necessary equipment, resources and training and promoting safer behaviors.
• Emphasize the use of Stop-Work-Authority for SGS employees and contractors when faced with any HSE risk.
• Manage HSE risk and opportunities related to the workplace, operations and the management systems.
• Foster continuous improvement on HSE aspects through the creation of efficient communication channels that actively involve the consultation and participation of employees, and where they exist, workers’ representatives.
• Protect any employee from reprisals when reporting incidents, hazards, risk and opportunities.
• Apply the SGS HSE statement to all activities, operations, constructions, systems, M&A and investments.

Respecting Health, Safety and Environment rules is an individual responsibility for all of us, at every level within our organization. These commitments apply to all SGS employees, contractors and visitors. Management is responsible for ensuring full compliance with SGS policies.

SGS RESPECT POLICY STATEMENT

We provide an environment where our employees can thrive. As a fundamental part of this we ensure that we treat all people with dignity, consideration and respect.
We are committed to enabling a better, safer and more interconnected world. We are a purpose-driven company and use our scale and global reach to enable a more sustainable future. All dimensions of sustainability (environmental, social and governance) guide our activity within our organization, how we interact with our customers, with other stakeholders and with the communities where we operate across our global network.

IT IS OUR AIM TO
Deliver value to society across our value chain:
• Supporting our customers in adopting and developing more sustainable and trustworthy business practices which, in turn, allows them to create products, technologies and services that deliver added value to society.
• Performing our operations with the highest standards of efficiency, excellence and sustainability.
• Engaging with our suppliers to ensure high standards of quality, integrity and sustainability, and building partnerships to drive innovation.

IT IS THEREFORE OUR COMMITMENT TO
• Maintain the highest integrity and excellence standards in our operations.
• Ensure the health, safety and development of our people, while promoting wellbeing, diversity and equal opportunities.
• Support the transition to a low carbon and climate resilient world through innovation, energy efficiency, carbon offsetting, and the promotion of renewable energy.
• Use natural resources responsibly and effectively manage our waste.
• Procure products and services in a responsible way.
• Evaluate and only acquire companies that align with our sustainability values.
• Invest in the communities in which we live and work.
• Deliver sustainable value through secure, fair, transparent and responsible business practices.
• Manage a long-term profitable business by delivering measurable value to society.
• Integrate financial and non-financial risks and opportunities in our business and consider all the positive and negative environmental, social and economic impacts we have on society.

Championing sustainability is an individual responsibility for all of us, at every level within our organization. This policy statement applies to all SGS employees, contractors, suppliers and other key business partners. Management is responsible for ensuring full compliance with SGS policies.
