

SGS Hong Kong Limited

Energy and Carbon Services

Statement of Impartiality

SGS Hong Kong Limited - Energy and Carbon Services (ECS) understands the importance of impartiality and potential conflicts of interests in carrying out its GHG verification and validation activities.

SGS has a compliance program, based on its [Code of Integrity](#), to ensure that the highest standards of integrity are applied to all its activities worldwide in accordance with international best practice. Details of this program can be found at

<https://www.sgs.com/en/our-company/compliance-and-integrity/integrity-at-sgs>

Within ECS we annually or more frequently where required assess risks in relation to specific activities or contracts on impartiality and potential conflict of interest relating to Accredited Verification business. This assessment is reviewed where appropriate by an impartiality committee of the Accredited Verification Body, which is an independent committee made up of members representing our key interests. Conflict of Interest and objectivity is further covered through annual training sessions and contractually binding agreements, to ensure all GHG verification and validation activities are conducted in an independent and impartial manner.
