The purpose of this public notification is because SGS being the certification body in charged would like to seek the views and opinions of the stakeholder groups with regards to the oil palm management issues relating to the management unit so as to determine the level of compliance of the management unit with the requirements of MSPO standards. Interested stakeholders can provide comments (if any) on any of the following matters related to the site management unit on the following issues:

a) Environmental protection within the estate or mill including use of pesticide and effluent management.
b) Biodiversity within the estate and mill
c) Opportunities for employment
d) Contribution for local development
e) Provision of housing, sanitation, facility and education support
f) Other issues related with the assessment

SGS maintains confidentiality at all levels of its organization concerning information obtained in the course of its business and in particular this MSPO certification process. No information will be disclosed to any third party unless in response to legal process or required by the MPOCC of the MSPO accreditation body, after providing the Client and/or Stakeholders with a copy of such process or requirement. Otherwise, no information received shall be disclosed without prior consent of the stakeholder group concerned.
Therefore, all stakeholders can come to SGS with full confidence to provide their views and comments as SGS is bonded by the confidentiality principles and rules as embedded in the MSPO Accreditation policies and scheme owner's procedure.

We invite all stakeholders to take part in this consultation process as you can make a positive contribution to the certification decision. We invite you to raise any issues, both positive and negative, by sending a written response by mail, fax or e-mail to SGS (Malaysia) Sdn. Bhd.
