

Candle Safety

TESTING & LABELLING SOLUTIONS

Trusted means *Tested.*

SGS

In the UK and Europe candles are covered by REACH and the General Product Safety Directive. Some European Standards are directly applicable to the safety of candles.

WHAT WE OFFER

We provide testing to 3 standards (BS EN 15493, BS EN 15494, & BS EN 15426) across a range of candle products including:

- tea lights
- votive candles
- container candles

HOW IT WORKS

- Contact our team for information or an application form via uktextiletesting@sgs.com
- Complete and return the application form. The team will then generate an offer for you to review
- Upon receiving relevant documentation, our dedicated UK team will ensure a smooth flow of your assessment and ensure certification is delivered in line with your expectations

WHY SGS

We are SGS – the world's leading testing, inspection and certification company. We are recognized as the global benchmark for sustainability, quality and integrity.

SGS TESTING AND LABELLING SERVICES

Our experienced and dedicated team offer a wide range of testing and labelling services that include:
